ST. PAUL LUTHERAN MISSION STATEMENT:

Empowered by the Holy Spirit to make Christ known;

*As we love one another, serve our neighbor, and grow in our Faith
through studying God's Word and Worshiping God.*

School has started once again! It brings with it a lot of excitement for the kids. It means new clothes, new teachers, new books, a new room, new friends, new classes ... do you see a pattern here? The excitement revolves around having something *new* in their lives. It's as if everything before has disappeared and is gone, while everything else is just ahead, in the future. It's a chance to start again, to avoid old mistakes, and to watch for new ones. Having a definite point in time, such as a date on a calendar, almost gives us permission to start over again and to get excited about something *new* in our lives.

So, when do adults get excited about new things? What point on our calendars or in our lives marks the time when we get to start over? For many it may be on January 1 each year. Unfortunately, too many people wake up with hangovers and soon forget all those well-intentioned resolutions to have a happier, healthier life.

So, what about us Christians? Do we have a time when we feel that we have a chance to start new once again? Actually, it happens *every day*, and the celebration is called baptism. In the Small Catechism, Martin Luther writes in the fourth part of baptism: "What does Baptism mean for daily living? It means that our sinful self, with all its evil deeds and desires, should be drowned through daily repentance; and that day after day a new self should arise to live with God in righteousness and purity forever."

The old is washed away and we begin a new day in forgiveness. No other major religion in the world focuses on forgiveness as does Christianity. In fact, most religions do not have such a concept. Instead, their beliefs demand that their followers make amends through works or coming back into another life to make up for the failures of past lives. Forgiveness is one of the distinguishing characteristics of Christians that separates us from other religions. The amends or good works or pay-back have already been paid up through the death and resurrection of Jesus Christ, so we must claim forgiveness through his life and

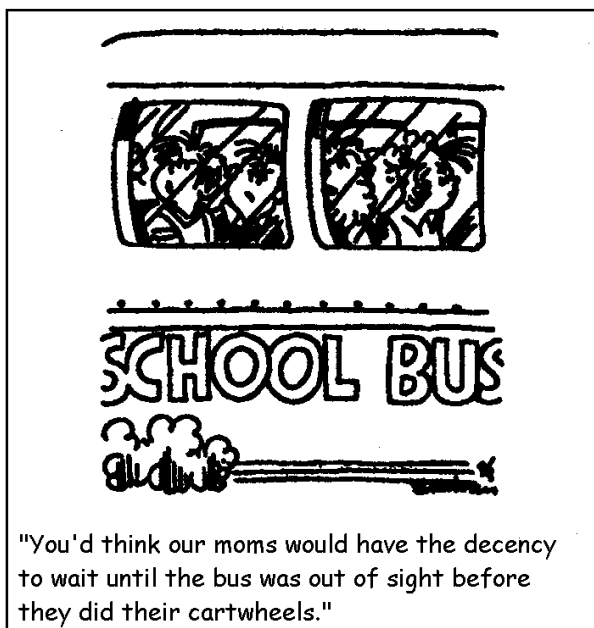

death. And when we do, our souls, previously blackened with sin, are washed clean once again, pure and spotless in the eyes of God.

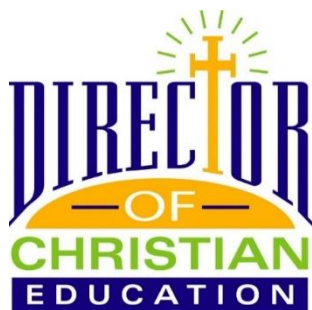

So, while the rest of the world may have one date on the calendar when life can start over and one can get excited about what lies ahead, Christians have the unique opportunity to do this each day of the year.

But do we? When we ask for forgiveness, do we feel the excitement and the newness in our lives? Are we so thrilled that we get that smile on our faces like the child exploring the endless rows of spiral notebooks, markers and lunch boxes? Do we take the care and the caution of our new life in Christ, as a child cares for those new school supplies?

What a blessing that we can experience this newness each day of our lives. Take advantage of it, celebrate forgiveness, and then keep your eyes on the newness that God brings into your life!

Your Pastor,
Tim W Muehlbrad

Sunday School Parents, Something New

Parents we want to make sure your child's experience in Sunday School is a good one and that we are trying to provide a great place for that to happen. We realize that children may have special needs or situations that we need to be aware of. We would like your help in letting us know of any of those things.

We are asking your help by filling out a Student Information Form for each of the children attending our Sunday School. Please take the time to fill out one for each of your children attending.

These will be available on Rally Day Sept. 8th and any Sunday after that with your teacher. This will help us be aware of any special needs that we need to be aware of in case we have snacks, games, or physical activities included in the curriculum or classes. Please take the time to find and fill one out when you bring your child to Sunday School for the first time this year. This way we can make the Sunday School experience a great one for your child and for you!

Again, look for these forms on Rally Day and they will be available any Sunday after that with your teacher! Thanks for your help!

Rally Day Sept. 8th

Summer is over and it's time to get going again!

Several have asked just what is "Rally Day". One definition is "come together again to continue...." That is what we will do on Sunday Sept. 8th! We will come together to Rally around the Treasure we have in the Lord, His love for us, and His word for us in the Bible.

We will begin with a worship service led by our Summer Camp attendees. During that service we will install our Sunday School

Staff and have a “Blessing of the Backpacks.” We hope all the youth and children attending school will bring their backpacks for that blessing.

Then following that, we will meet in the Parish Hall for our opening and the advancement of our students to new classes.

After that, we will begin a Bible Treasure Hunt, following clues found in the bibles to lead us to different places around the church and grounds to find special treasure!

All that will bring us back to the Parish Hall for a great meal together! It will be a great time together as we Rally around each other and the Lord’s love and word for us.

Our youngest ones will have a separate hunt and then enjoy some play together time. They will, also, join us back at the Fellowship Hall at the end.

Our regular Sunday School classes will begin the next Sunday, Sept. 15th!

Some More New and Exciting Sunday School News!

Banner Class: This year we will be having a special item for those classes who have great attendance for each month. The class with the largest percentage of attendance each month will get to display a Luther Rose banner on their door! The class who has the most banners awarded by the end of the year will receive a special party for their efforts! So, plan on making as many classes as you can!

PUP: Also, each student will become a PUP for the year. A PUP is a “Pick Up Pal” for another of their fellow students in their class. The idea is that this will be a mentor program. We will ask them to see if their PUP Pal is missing for a few weeks and try to get in touch and invite them back!

BF Sundays: On certain Sundays scheduled throughout the year, a Sunday will be a “Bring a Friend Sunday” (BF Sunday). IF you

bring a friend on those days you and your friend might get a little gift. So, start thinking about who you can ask and bring and watch for those days!

Why Sunday School and Church?

Lately a lot of people have been wondering about that. Just think...ever since Martin Luther (and even before that) it has been part of the family tradition to attend church and Sunday School together. Many of Martin Luther's beliefs were that it was so important for the family and children to learn and experience the love of God and the wisdom from His Word!

The times have passed and now it seems harder to do just that. It seems we have lost some of that belief in how important our faith can be in our lives. Things get in the way. We talk about not having enough time or days in the week. We seek time for recreation. Work or school obligations seem to be more pressing than they once were.

But, has the belief that Martin Luther had on the importance of the role a family has in the formation of faith changed, or is it just forgotten? At the recent NALC Youth Gathering one of the speakers pointed something out and I wrote it down. He said the following about our faith..."If you don't make it important then why should they (children and youth) feel it is important to their life?"

There are so many things, beliefs, movements, "social influencers", and different religions out there calling to us. If we don't make our faith important then there are plenty others out there to take its place.

Jesus several times talked about false prophets and false faiths. He seemed very concerned about followers seeking other ways. It amazes me how some of the people who now are influencing people have said they were "once" a Christian or who are religious

but are not practicing their faith currently. Even more surprising are the ones who say they are religious...but don't act or talk like it!

How important is our faith, Bible Study, worship, and, especially Sunday School? It is the foundation of our faith and our love for Christ! Many of us grew up as our family worshipped together and it was a part of our weekend. Sure, the world gets in the way, but, again...if we don't make it important why should they?

I hope we choose to have our children learn here at church so they can see what is important to their lives and not be looking somewhere else. I hope we are never at a loss for teachers in our classes. I hope we look at our church as an honor and privilege and not something secondary or that is a burden. Why...because some day they will be making the decisions that shape our church.

I hope we feel the importance to bring them, to teach them, and show how important this faith has been, can be, and will be to their lives (and to us and their children too)!
